Near Accident.

J. E. Scarborough, station agent N. C. & St. L. R'y here, relates a close shave he had Monday morning en route to this place from Chattanooga in his automobile. He was descending Anderson Hill, east of Jasper, when his brake gave way and the machine speeded up. There is a bad curve near foot and in rounding it he drove too close to edge of fill, but the right wheel striking a rock actually hurled the car back into the road when it seemed it was about to go over. There is a considerable fill there and a bad smash-up would have resulted had it not been for this remarkable occurrence.

THANK FRIENDS FOR FAVORS EXTENDED

In a letter from Mrs. Sam Fiske, of Huntsville, Ala., we learn that Mr. and Mrs. W. K. Marlin, who moved there a few weeks ago, are still with her, only getting possession of their house last week, and will have some repair work done before they move in. Mr. Marlin stood the trip better than was expected, and does not seem any the worse for the move. The following card of thanks has been sent by the son and daughters of Mr. and Mrs. Marlin, with request for publication:

"We wish to thank and express our appreciation to all the kind friends and neighbors for all their kindness to our parents, Mr. and Mrs. W. K. Marlin, during our long stay in Sequatchie, and especially during Father's illness before they left there. They will never forget their friends in Sequatchie.

"Very sincerely,

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Head-ache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's, the original and genuine. 25c
